Description

It is mainly composed of a heating bag and an eye mask. When the sealed bag is opened, heat will begin to be released. With the release of fine hot steam, it moisturizes the skin around the eyes, relieves eye fatigue, nourishes the eyes and protects the eyes.

Scope of application: It is suitable for long-term use of computers, mobile phones, long-term reading of books and newspapers, and staying up late.

Wholesale high quality steam eye masks from the best steam eye masks factory.
